astrum wine cellars

At Astrum Wine Cellars, we are advocates of smaller, family-run wineries, of artisan production and of the promotion of unusual grape varieties that give the far more common, international varieties a real run for their money. We believe our work should take us off the beaten track and push boundaries. Priding ourselves on being specialist importers of Italian wines from exciting and innovative growers across the peninsula, we also have an eclectic range from Central Europe, including Austria, Germany, Hungary and Slovenia. We also boast some excellent offerings from France and Spain as well as recent discoveries in New Zealand, Australia and South Africa.

From the beginning, our work has been driven by passion and some important rules: never import anything that we wouldn't love to drink ourselves and place top quality customer service and support for independent businesses at the heart of our development. Our flexible approach means we are able to deliver free of charge in London within 24 hours of ordering with only 12 bottles as a minimum order, and orders for outside London work on an efficient, regular schedule.

the wine treasury

The Wine Treasury is a small but perfectly formed specialist wine importer which represents fifty or so quality-driven and charismatic wine producers from around the world and places their wines primarily with restaurants and independent retailers in the UK. Our perhaps slightly unorthodox portfolio reflects our enthusiasm for the diversity of the world's wines: from the Loire Valley to the Napa Valley, from the Rio Negro to the Tuscan coast it embraces both the classic and the contemporary, the former somewhat less than the latter. We're just a little bit different: we're not trying to cover all the wine regions of the world. Instead, we have formed close, usually UK exclusive partnerships with a limited number of wineries which we consider to have something truly distinctive and unique to offer: wineries run by people we like, making the sort of characterful wines we like.

At FortyFive10° we import, wholesale and retail some of Italy's finest wines, often exclusively within the UK. Our speciality is selecting outstanding Italian wines from family-run producers. The wines are chosen because they demonstrate the true characteristics of a grape - with distinct personality, and a real sense of 'terroir'.

We work alongside our producers to support and offer wines that celebrate the complex relationship between grape and soil. We look to support the craftsmen who hand down their expertise from one generation to the next in order to offer a selection of wines from great vintages of grand estates through to high quality everyday drinking wines.

FortyFive10° was founded by Italian born Massimiliano Jacobacci, whose passion is selecting wines that express the history of a region through traditional wine making techniques as opposed to the current trend for wines of immediate accessibility at the expense of complexity and longevity.

h2vin

H2Vin is passionate about bringing authentic, artisan wines to wine lovers. We work hard to uncover under-the-radar gems, which are some of the finest examples of their region and style, notably from France and Spain complemented by equally exceptional producers from around the globe. We pride ourselves on working mainly with smaller, family-owned wineries that are passionate about producing wines with a true sense of identity, including some of the best wines of the Loire and the Rhône.

The company was founded in 2009 by Christian Honorez and Master Sommelier Matt Wilkin. Christian's extensive knowledge of the industry, coupled with his vast experience of sourcing authentic and individual wines, have earned him an enviable reputation in the wine world; whilst Matt has achieved international recognition as South Australia's first Master Sommelier and has won numerous accolades including UK Sommelier of the Year in 2005. The enthusiastic pair complement each other in every way and together have established H2Vin's enviable reputation for offering an exceptional range of wines to restaurants, hotels and independent wine merchants across the UK. For us, exemplary service is at the heart of everything that we do, sharing our wines at competitive prices with enthusiasm.

Indigo Wine is a specialist importer with an eye for small artisan growers (haven't we all?). Our strength has always been good old Spain, and we were just awarded Spanish Specialist of the Year by the International Wine Challenge for the seventh time (!). However, when we go elsewhere seeking new gems, we follow the same principles. We think we have found some good gear in Australia, South Africa, Portugal, France, Germany, Chile and the US. In short, come to us for your regular Spanish dose and find out what else we do!

table seven flint wines

Over the past few years we have established ourselves as one of the main suppliers to the trade. Wine-wise we specialise in two main areas, Burgundy, where we work directly with over fifty suppliers, and America, where we have really grown the range in the last 2 years and now represent more than twenty agencies including some of the best, most forward thinking wineries in California, Washington and New York. Our US portfolio reflects the new movement in California, where wines of real finesse and subtlety are being made, allowing the wines to sit comfortably alongside our Burgundy offerings. Since the last DD tasting we have expanded significantly our Italian Section which now features 15 estates from all over the country. The common element running through all the estates with which we work is their typicity, refinement and sense of place. We hold significant stock and are able to offer genuine depth of vintages as well as some library stock prized from the precious cellars of our suppliers. We like to think we are a flexible and helpful team with more than 45 years of experience on the restaurant floor that understands the needs and demands of the UK's top restaurant and retail outlets. Come and taste and see what you think.

raymond reynolds

For over 25 years Raymond Reynolds Limited have championed single-estate wines from Portugal, and this is where our specialism lies. Spain's presence in the Portfolio is a natural extension of this. More recently we've followed our taste buds, and long held ambition, and ventured into the Mosel.

As a small and dynamic team we are proud to have forged exclusive partnerships with some of the finest vineyards and estates in the Iberian Peninsula, including Soalheiro, Dirk Niepoort, Luis Pato, Quinta do Vale Meão and Quinta do Mouro. The great houses of Niepoort and Barbeito represent the majority of our fortified selection.

SWiG

We are a small group of quality obsessed misfits who travel around the world looking for delicious undiscovered wines that punch above their weight. Many of our wines are rare gems you won't find anywhere else.

One of our greatest pleasures is to source wine from small family owned wineries. The other is to get to know our customers and their tastes and provide a personal service to them. We supply private clients, and some of Britain's finest restaurants and independents

aubert & mascoli

At Aubert & Mascoli, we offer superb French and Italian artisan wines from ambitious vigneron - growers who use their intuition and savoir-faire to make truly wonderful wines.

These wines are well kept secrets, made on a small scale and sold regionally. The reasons these winemakers do not export are the small quantities available, and more importantly, they are not on the radar of the English wine trade yet. Each vineyard has its own story, but what these artisan winemakers share is a passion to produce - without compromise - exceptional, handcrafted wines which express the characteristics of a place, a soil, a plant and a climate.

clark foyster

Clark Foyster Wines Ltd sells fine wine in the UK, from countries including Austria, Portugal, France (Burgundy, Languedoc, Loire, Côtes du Rhône and Champagne), Greece, England, Georgia, Madeira, Australia and New Zealand.

The philosophy of Clark Foyster Wines Ltd is a simple one; we aim to be specialists in our chosen field and sell only wines in which we believe. Our range is eclectic and has developed by happy accident through experience of various aspects of the wine trade, ranging from vineyard work, via independent retail to selling to the multiples. For most of our wines, we are the direct importer and in many cases we are the exclusive agents for those wines.

We believe in close contact with both our suppliers and our customers. Our growers are generally small family-run estates producing wines to the highest standards. On our side, we like to provide maximum support to our customers by offering expertise and detailed information on the wines, gained through personal knowledge and genuine enthusiasm.
