DOZEN**

THE DIRTY DOZEN

The Dirty Dozen is a collective of twelve of the most exciting independent wine importers in the UK.

Our mission is to source authentic wines made by winemakers who have a genuine passion for their product. We specialise in the small, the quirky, the authentic, the personal, but we never forget that above all, the wines need to be great quality. We distribute our wines around the country to restaurants, independent merchants, and trade customers.

Say hello to some old friends today and make some new ones!

Howard Ripley

In nearly forty years of trading, Howard Ripley has become one of the UK's leading Burgundy specialists, supplying not only the most sought-after names, but also a steady supply of the region's new talent. Since 2000, it has developed an unrivalled portfolio of German estates, and has championed the new wave of top dry wines and the emerging range of exciting reds - primarily Pinot Noir - coming out of the country.

More recently, Howard Ripley has looked towards Italy, and begun importing several estates from Piedmont. Throughout its history Howard Ripley has focussed on hand-crafted, individual wines from small estates, where the owner tends the vines and makes the wines. It adopts the same personal approach when dealing with customers, focussing on individual, professional and highly-knowledgeable service.

Raymond Reynolds

We are privileged to be the leading UK specialist importer for Portugal's finest pioneering winemakers and vineyards, all central to Portuguese wine's rising status in the UK market.

Since 1990, Raymond Reynolds has enthusiastically and passionately imported quality single estate wines, from iconic producers such as Niepoort, Luís Pato, Soalheiro, and Barbeito Madeira...and many others.

Portugal remains the very core of our portfolio, dynamic and innovative thanks to the successful partnerships we have with both our customers and producers. Our boundless enthusiasm for these wines also carries us across the border to Spain, most recently to Arribes where we discovered El Hato y El Garabato, meaning 'to bet it all'...find out more about this new producer at our table, as well as exploring some more established favourites.

H2Vin

H2Vin is driven by a passion and enthusiasm for unearthing under-the-radar producers and their wines – wines that offer real sense of place, reflecting their precise origins with clarity & authenticity.

Whilst our specialist focus remains the Loire, Burgundy, the Rhône & Spain, we continue to find exciting, artisan producers in an increasingly diverse range of wine producing regions. Many of these Domaines and Estates are family owned, follow an organic or biodynamic philosophy, with the discipline and rigour of all never in doubt. Due to their often low-interventionist approach, the personalities of their wines shout loud and clear!

Founded in 2009 by Christian Honorez and Matt Wilkin MS, together they have established H2Vin's enviable reputation for offering an exceptional range of wines to restaurants, hotels and independent wine merchants across the UK.

Clark Foyster Wines

The philosophy of Clark Foyster Wines Ltd is a simple one; we aim to be specialists and sell only wines in which we believe.

Our range is highly eclectic and has developed by happy accident through wide experience of the wine trade. For most of our wines, we are the direct importer and in many cases we are the exclusive agent. We are champions of quality, and we are especially interested in wines outside the mainstream, though we don't exclude classic regions! We established our reputation in 2003 as pioneers with Austrian wines, and we've since developed exciting ranges from Portugal, Greece and Georgia, to name just a few of the countries in our portfolio.

We believe in close relationships with both producers and customers. We buy generally from small family-run estates and we provide maximum support to our customers by offering expertise and detailed information on the wines, gained through personal knowledge and genuine enthusiasm.

FortyFiveIO°

At FortyFiveIO° we specialize in importing some of Italy's finest wines.

In order for wines to be included in our portfolio they must fulfil three criteria – express true character, possess a distinct personality and exhibit a real sense of 'terroir'.

Accordingly, we work principally with family-run wineries; artisans who hand down their expertise from one generation to the next, who celebrate the complex relationship between grape and soil.

We are a small, dedicated and friendly team offering high quality everyday drinking wines through to great vintages from grand estates.

Indigo Wine

Indigo Wine is an importer and agent of unique and artisanal wines from all around the world. We are proud to distribute these wines to the UK's best restaurants and independent retailers.

We're best known for sourcing fresh and balanced wines from Spain, most notably from producers in lesser-known regions, who work with indigenous varieties. Over the years we've expanded our portfolio to include some real gems from Portugal, Austria, Italy, Australia, South Africa, Chile and beyond— although Spain will always be at the heart of what we do.

We work hard to find talented growers who are committed to making real, honest, and above all, delicious wines. They are the true heroes of the wine world.

Maltby&Greek

Maltby&Greek started back in 2012 as part of Maltby St Market in Bermondsey, sourcing the finest quality wine and food products from across Greece and working directly with a network of small artisan producers.

Today, we are proudly part of Spa Terminus and our ever expanding range is available in both wholesale and retail across the UK.

Our wine collection represents new generations of winemakers expressing powerful sentiments through indigenous varieties such as Assyrtiko, Malagouzia, Mavrotragano, Xinomavro on the old terroirs of Santorini, Tinos, Crete, Cephalonia, Samos, Amyntaio, Thrace and Peloponnese and introducing progressive sustainable methods.

Swig

Swig? Who be they? You may well ask.

Swig is a motley band of wine obsessives on a ceaseless mission to discover Wines That Punch Above Their Weight, wherever in the world they may be.

Whether we're sourcing unsung, bargain wines from classic regions or wonderful oddities from off the beaten track, our small (but perfectly formed) team of intrepid wine explorers are like bibulous bloodhounds for a decent drop.

We like wines from family-owned wineries and small-scale artisanal producers. We like wines with a story, wines with a wow factor. Blandness upsets us. Beige our wines ain't.

We're proud to supply some of the UK's best restaurants and independents.

The Wine Treasury

We are best known for our extensive range of wines from North America, the result of a passion that goes back over two decades.

North America remains a focus, but that doesn't detract from the fact that we are totally open-minded as to where a producer comes from, so long as we think their wines are brilliant. To that end, as well as a lovely selection from California and Oregon we are showing wines from Corsica, Collioure, Patagonia, Franschoek, Terra Alta and British Columbia.

Our focus remains on distribution to restaurants and independent retailers that share our own curiosity and enthusiasm for those wines that make you sit up and go: "wow!"

Join us at the Roberson Wine table to taste some exceptional wines, with many making their UK debut this year.

As IWC USA specialists for the sixth year running, we will be introducing two terrific labels from Michael Cruse (the man behind Ultramarine) and a surprise or two from Mendocino!

Also included in the line-up are the renowned Savoie wines from André and Michel Quenard, the Prieure de Cenac Cahors made by IWC Red Winemaker of the year, Hervé Joyaux and our very own London Cru Chancery Lane English Chardonnay.
